WIP Tasks

- SSO
 - Moicdev.global.coach.com (final URL for DEV server)
 - MOIC – writing a wrapper so AD don't have to customize
- User Role Management module
- Audit Logging & Reporting
- TIDAL job(s) development
 - Integrated Testing with actual data flow
- PROD environments readiness

DEPENDENCIES:

- Currency Conversion table from SAP
- All customers are coming as “in-Active” from SAP at the moment
- Orders from Joor -> with style tag section for receiving Fashion Season
